

Care Managers help individuals obtain a level of care assessment to get into treatment and strive to follow individuals throughout treatment and early recovery in the community.

Care Managers help individuals access Medication-Assisted Treatment (MAT) if appropriate, and encourage individuals to stay engaged in physical and mental health treatment.

Care Managers help individuals find stable employment and housing, and re-establish family/community relationships.

WHAT IS THE CENTER OF EXCELLENCE (COE)?

The COE provides care management and recovery support services to help individuals get into treatment, successfully complete treatment, and gain and remain in recovery from addiction to heroin and/or opioids.

.....

COE staff have extensive knowledge about resources in the Lehigh Valley to help individuals battle addiction to heroin and opioids.

Services from the COE are provided at no cost to individuals who need help.

.....

WHO CAN BE SERVED BY THE COE?

Individuals served:

- Are over the age of 18
- Have an opioid use disorder
- May have co-occurring behavioral health conditions
- Need help to navigate the care system
- Need guidance to stay engaged in treatment to avoid relapsing

To refer someone call the COE office:

610-432-7693

FAX: 484-273-0998

HOW DOES THE COE HELP?

Our staff helps individuals obtain appropriate treatment services and develop a plan for recovery. Because everyone is different, every plan will be different.

Our staff will refer individuals for Medication-Assisted Treatment (MAT) with Vivitrol®, Suboxone®, or Methadone, if MAT is clinically indicated.

Our staff will assist individuals to confront challenges.
