

Care Managers help individuals obtain a level of care assessment to get into treatment and strive to follow individuals throughout treatment and early recovery in the community.

Care Managers help individuals access Medication-Assisted Treatment (MAT) if appropriate, and encourage individuals to stay engaged in physical and mental health treatment.

Care Managers help individuals find stable employment and housing, and re-establish family/community relationships.

WHAT DOES THE COE DO?

Our staff helps individuals obtain appropriate treatment services and develop a plan for recovery. Because everyone is different, everyone's plan will be different.

Our staff will refer individuals for Medication-Assisted Treatment (MAT) with Vivitrol®, Suboxone®, or Methadone, if MAT is clinically indicated.

Our staff will assist individuals to confront challenges.
