A MESSAGE FROM OUR CEO

Dear Friends,

This past fiscal year was a time of *transformation* and *new beginnings* here at Treatment Trends.

Our longtime Executive Director, John Dillensnyder, III, embarked on a new journey with his retirement announcement. John has provided TTI with decades of leadership. In his 30+ years with our organization, he has navigated challenges, empowered staff, and has been a consistent advocate for every person's right to treatment. He has helped TTI in its *transformation* over the 57 years we have been serving the Lehigh Valley and beyond. We thank John for everything he has done for TTI, and we wish him well in this next chapter.

Another *transformation* was the improvement to our Mission & Vision Statements:

Mission: Our mission is to empower individuals to find recovery, and in the process, heal community.

Vision: Our vision is to build a community that is rooted in connection, hope, and healing. We strive to cultivate a safe space, nurturing the rediscovery of one's strength and purpose.

In keeping with the theme of *new beginnings*, Slatington Outpatient opened its doors in September of 2025. This rural part of northern Lehigh County has shown a great need for substance use treatment services. We are honored to be providing those services to adolescents and adults in this often-overlooked area.

Another *new beginning* was the reopening of Allentown Residential in December of 2025. Providing residential treatment services in the heart of Allentown is vital. The City of Allentown has access to public transportation, various community resources, numerous pathways to recovery, and several recovery housing options. Residential treatment is often the jumping off point to an individual's own journey of transformation and new beginnings.

Treatment Trends is grateful to Lehigh County Drug & Alcohol for their consistent and unwavering support. Funding from the opioid settlement made the opening and reopening of these two programs possible. TTI would also like to thank the Office of the District Attorney for their continued support.

We thank all the staff at Treatment Trends for their dedication to the individuals we serve. The inevitable hard days and difficult moments are overcome by the many, many successes that we see in our clients. Their perseverance reminds us why we were drawn to this work.

We thank the Board of Directors and the Foundation Board for their continued support and guidance. This year we added new members and said goodbye to old friends. Their backing of our mission and our vision is invaluable.

We also thank our numerous community partners. TTI is proud to be an agency that partners with other local organizations that treat substance use disorder and behavioral health challenges. Collaboration and partnership are the cornerstone of this work.

Lastly, we want to thank every single person who has stepped through the doors of any of our programs in Lehigh and Northampton County. The courage it takes to walk through that threshold is immeasurable.

We're with you, wherever you are.

Find Recovery. Heal Community.

Sincerely,

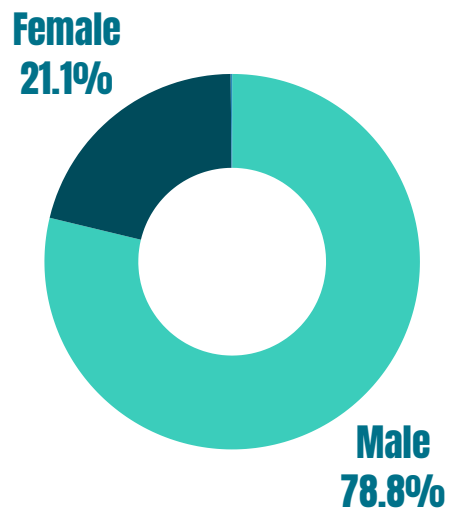

A handwritten signature in black ink that reads "Sarah Falwell" followed by a stylized monogram or initials.

Sarah Falwell, BS, CADC
CEO

length of stay: **98 days**

INTERMEDIATE PUNISHMENT PROGRAMS

Lehigh County Drug Treatment Court is a non-adversarial alternative to the traditional methods utilized in addressing participants who are struggling with substance use disorders. TTI staff serve on the multi-disciplinary Drug Treatment Court Team, which meets bi-weekly under the direction of Judge Douglas G. Reichley.

41

individuals were connected to TTI
Treatment Court Case Managers
from July 2025 to June 2025

4 GRADUATES!

Lehigh County Treatment Continuum Alternative Program (TCAP) gives eligible non-violent offenders the possibility of diversion from jail to treatment. It requires individuals to make a significant commitment to treatment and is supported by a regimen of accountability and management aimed at public safety. TTI contracts with Lehigh County to provide case management for individuals throughout their various levels of treatment.

11

individuals completed the
residential & outpatient phases

29

years of funding from PCCD to
operate the program

Northampton County Treatment Continuum Alternative to Prison (TCAP) is a diversionary program that addresses an individual's criminal violations or charges proactively by giving them the tools and opportunities necessary to build a successful life in recovery, and providing structure and support in early recovery. TTI works with Northampton County to provide case management and support services for individuals throughout their treatment with TTI programs and centers.

25

individuals received Case Management
& Recovery Support services through
Northampton County TCAP

TTI RECOVERY CENTERS

TTI operates three Recovery Centers which instill hope & encourage recovery through connections in a safe, supportive environment. Funded by Northampton County Drug & Alcohol, our Recovery Centers offer individuals who are seeking & maintaining recovery the opportunity to reestablish a meaningful life with purpose, in a community free of stigma against substance use disorder.

Bethlehem Hope Center

offers 12-step, MARA, & Recovery Dharma meetings weekly, attracting over **300 individuals monthly**.

- Staff engage in regular outreach to the unhoused community, providing recovery resources & care packages.
- Case Managers offer assessments at no cost to individuals in Northampton County.
- Certified Recovery Specialists (CRS) assist clients in meeting their goals through collaboration to find their individual pathway to recovery.

473 Unduplicated clients received Recovery Support or Peer Coaching Services

280 Unduplicated clients received Employment Support Services

356 Unduplicated clients received Case Management Services

Palmer Recovery Center

hosts 12-step, Al-Anon, & SLAA meetings, as well as a women's group weekly.

Staff conduct outreach to the homeless to provide resources & basic toiletry items. Special services & groups for Veterans are offered weekly, as well as yoga classes and karaoke.

Served 268 individuals

Northampton Change on Main

offers 12-step, Recovery Dharma, AA Caduceus, & SMART Recovery meetings. Offerings include free haircuts, book study, karaoke, and movie matinees.

You can find our staff at the Uptown Street Fair, or the Jack Frost Parade, as well as other community events.

Served 207 individuals
