

TTI visits Harrisburg

On October 22, Pro-A (Pennsylvania Recovery Organizations – Alliance) held its 8th Annual Leadership in Recovery Event. Samantha, Brianna, Sarah and John (pictured left to right) took the trip to Harrisburg, to celebrate alongside our peers, advocates and politicians in the recovery community. The day consisted of trainings relating to harm reduction amongst tobacco-dependent individuals, and an introduction to Ubuntu Recovery. Speakers reflected upon the current needs of our community, as well as the legislation that has helped us to gain the progress we have seen.

Spooky Season for Treatment Trends

This year, Treatment Trends was well represented at the Northampton Jack Frost Parade. Passing out candy in costume (for some), and our colorful tablecloth in tow, our incredible team made sure our presence was known to our community this Halloween season.

In addition, Allentown Outpatient has had the holiday spirit as well, decorating their office and waiting area.

Great American Smoke Out: American Cancer Society

Committed to educating the population on the harmful effects of smoking for decades, and it's correlation to cancer, The Great American Smoke Out is an opportunity to start your smoking cessation journey. On the third Thursday in November, there is a one day challenge, in the hopes of beginning a healthier lifestyle. Tobacco Use Disorder (and complications therein) remains one of the leading causes of death in the US.

There are many options for harm reduction, and cessation, please check out their website for more information on the Great American Smokeout.

Celebrate with us

Friday, November 14th please join us in celebrating the Grand Opening of Slatington Outpatient. Complete with food, entertainment and resources. This includes a Mock Teen Bedroom brought to us by the Center For Humanistic Change. A unique opportunity to test your knowledge and awareness of current trends amongst our younger population. Lehigh County will also have Narcan available as we celebrate our new location and community.

The poster features a central image of the TTI Slatington Outpatient building entrance. The building has large glass windows and a brown door. The TTI logo is visible on the glass. The poster is framed with a blue and orange border. Text is overlaid on the image in various colors and fonts.

Staff Highlight:

Lori

CRS, CFRS
Palmer Recovery Center

Lori has been a dedicated CRS/CFRS for the past 2 years at Palmer Recovery Center, working directly with clients at the center, and within the hospital. She finds the most enjoyment in her job is working with, and truly listening and hearing, the clients. Lori was recognized by several of her peers relating to her being a compassionate light for others and truly making a difference in the lives of her clients. She is dependable and goes above and beyond to make sure that her clients are getting the best care they possibly can while in the hospital. Described as "the sunshine on a rainy day for every client or peer she encounters, bringing warmth, compassion and dedication to her role."

Staff Highlight:

Chelsea

Facility Director
Allentown Residential

Chelsea has grown within Treatment Trends for the past 9 years. She started as a Part-Time Assessor at Allentown Outpatient, and at the present, serves as the Facility Director for Allentown Residential. She was recognized by several of her peers in the past month for being an amazing leader and patient mentor. Chelsea finds the time to uplift and support other leaders, staff and programs. She pours herself into every project, down to the minute detail, never giving up, even when it gets hard, and some days it gets hard. She appreciates the collaborative nature of her job, and takes time everyday to identify what she is grateful for. Her team and peers are simply grateful for her.
